Does Your Storage Look Like this? We have a Solution!

Clean Sweep Pesticide Disposal

- Pesticide Disposal
- Open to anyone
  - Most participants are Farmers and Pesticide Businesses
- Allows for "*no questions asked*" disposal of suspended, canceled, banned, unusable, opened, unopened or just unwanted pesticides.
- If it is a pesticide, we will accept it for disposal.
- Locations change each year.
- 2nd and 3rd week of August

  - 19,083 lbs

2023 Program Recap

- For the 4th consecutive year, OISC Clean Sweep has collected more banned, outdated, and unusable pesticides than the previous year.
- **77,130 lbs** of pesticides collected from **162** participants for disposal.
  - Total Cost of Disposal
    - **$176,890.38**
- Recent trend of farm clean-up continues (Hardship Calls)
  - assisted three non-operational family farms and one non-operational ag dealer with property clean-up
  - largely outdated & cancelled products…14,000 pounds of pesticide waste
  - no longer a risk of contamination to the environment.

Funding

- Funding
  - EPA Funds – $70,000.00
    - Asking for as much as we can get for the 2024 program (100K)
    - Disposal cost have increased significantly
      - Disposal prices went up over $1 a pound in the last 5 years.
  - OISC covers the remaining bill.
- Total Cost Breakdown
  - $176,890.38
  - $ 70,000.00 (EPA Funds)
  - $ 36,812.00 (Overage Charges)
  - **$ 70,078.00 (OISC Share)**

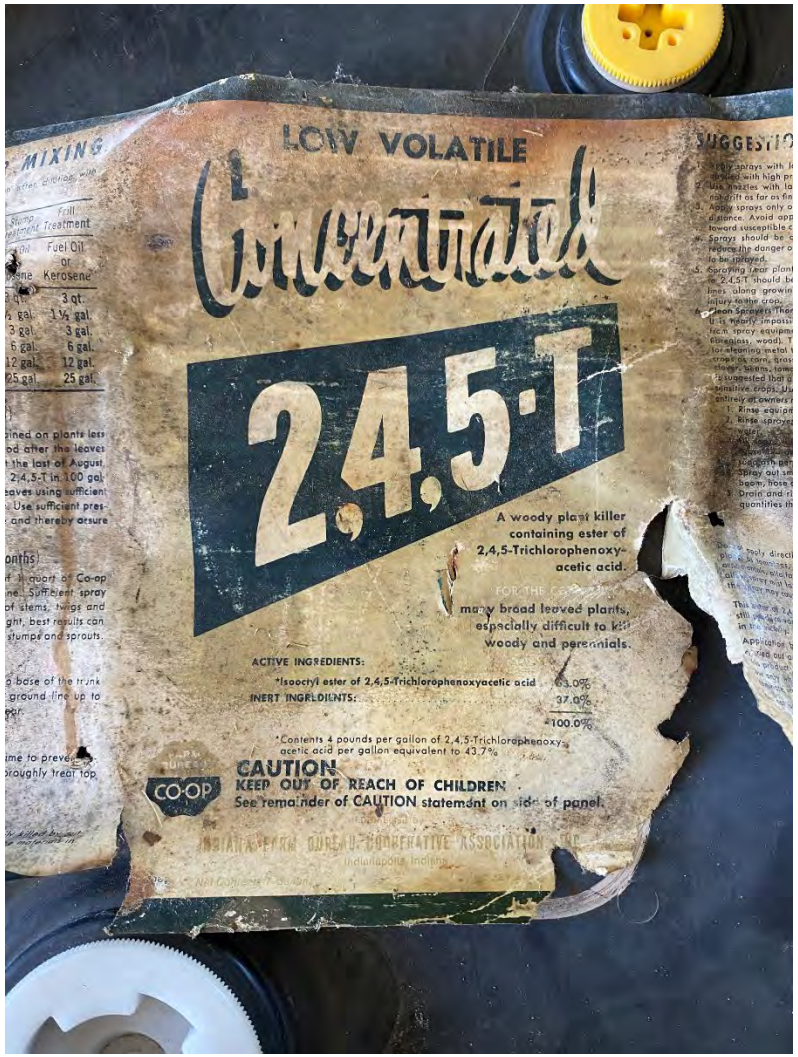

Increase in Overage Charge

- Free of charge up to 250 pounds per participant.
  - Prior to 2024, anything over 250 pounds was invoiced at $2.00 per pound
  - Due to increase in overall cost of the program.
  - New for 2024, anything over 250 pounds will be invoiced at **$3.00 per pound.**
