

Indiana Fertilizer Advisory Board

IC 15-16-2-25

Meeting Minutes

**Location of meeting:**

Roemke Farms
12125 State Rd 101
Harlan, IN 46743

Date and Time:

July 25, 2019 9:30 am

The fertilizer advisory board as well as many other interested parties were part of a tour organized by the Indiana State Department of Agriculture, specifically Jennifer Thum & Joelle Beals, to showcase a few of the many conservation practices in place in the Western Lake Erie Basin. Stops included Roemke Farms, a USGS side-by-side edge of field sampling site, a 2-stage ditch, nutrient placement equipment & a satellite manure storage lagoon.

The tour ran long and when the group arrived back at the meeting place many FAB members had to leave for other commitments. Therefore a quorum was not available to conduct a meeting.

Next meeting is scheduled for:

Thursday December 19, 2019
Daniel Turf Center on Purdue's West Lafayette Campus
1340 Cherry Lane
West Lafayette IN 47907

Respectfully submitted

Matthew E. Pearson - Fertilizer Administrator and FAB secretary
