

IRSS Board Meeting, July 20, 2009

Attending: Donald Ruesch and Spencer Williams

Talked to Mike Hancock about a new board member. He said there is a new person in charge of making the selection. Nobody has been selected.

We discussed Rena Sheldon request to be reinstated as a Registered Soil Scientist. Her membership expired July 2007. She requested reinstatement April 2008. Steve Wade sent her a letter saying that if she sent in her CEU's and \$240.00 She would be reinstated back to July 2007. She contacted Don Franzmeier April 2009 (1 Year later) and asked if the offer was still good. Spencer and I agreed that she will have to reapply for membership. John and Gary, what are your thoughts.

Gary, Cyndy had the tests for Bill Rutherford and Tim Porter. Have the results been mail to them.

Spencer and I reviewed and approved the CEU's for Amber Willen. When we get the check for \$240.00 her membership will be renewed.

Spencer is going to set up the Field Exam the day before the Fall Tour, Sept. 17th. It will be on or near the Mary Gray Bird Sanctuary. I think Spencer and Scott Nickel will be the judges. Gary, I am thinking of taking the Field Exam in the afternoon. Can you help Spence set up the exam. Texture samples, forms, tests, equipment, ect. Make sure the exam information is posted on the IRSS web site. Have Cyndy get a list of people who plan to take the exam.

Mark Dec. 7th on your calendar for the next IRSS Board Meeting. Let me know if you have a problem with that date.

Don
