Respondent:

Mike Hurley

John Plymire

Rural King, Store 14 2300 E. Morgan Avenue Evansville, IN 47711 (812) 473-5750 Manager

Assistant Manager

1. On March 11, 2016, I visited the Rural King retail store, located on Morgan Avenue in Evansville, Indiana. I found the store had a shuttle container (265 gallons) of Gly Star Plus (glyphosate) manufactured by Albaugh, LLC, Ankeny, Iowa, Establishment Number 42750-MO-001, and EPA Product Number 42750-61, not in secondary containment (figures 1, 2, 3). Listed in store inventory as Glyphosate 41 plus Shuttle 265 with SKU 62580296 (See attachment). After speaking to Mike Hurley, Manager and also John Plymire, Assistant Manager, and checking the documentation, it was determined the shuttle was delivered to this location on February 27, 2015. Mr. Hurley stated he was aware chemical shuttles required secondary containment and also that once received, a shuttle could only be out of containment 30 days. He also stated that this location, at one time, did have a secondary containment for shuttles, but it had been sent to another location because it took up too much space. There was an empty shuttle on display in the store; the full shuttle was located outside on the east side of the building in a secured area. A Stop Action Order was issued requiring the store to return the Gly Star Plus (Glyphosate 41+ Shuttle 265) shuttle to the warehouse for containment.

Jean Schnur Inspector Date: March 11, 2016

#### DISPOSITION:

- A. Rural King, Store 14 was cited for one hundred eighty (180) counts<sup>1</sup> of violation of section 65(6) of the Indiana Pesticide Use and Application Law, specifically 355 IAC 5-4-1(a), for storing bulk pesticides outside of secondary containment. A civil penalty in the amount of \$\$45,000.00 (180 counts x \$250.00 per count) was assessed.<sup>2</sup>
- **B.** On June 21, 2016, OISC received two facsimiles from Mike Hurley, Rural King Manager of the Evansville Rural King. One of the facsimiles was a letter dated May 20, 2016, requesting a hearing for the violation and assessed civil penalty. The second facsimile was a cover letter indicating a request for a hearing was made by Mr. Hurley on May 20, 2016, that he believed OISC had not received.
- C. On June 21, 2016, I contacted Mr. Hurley about his request for a formal hearing. He indicated at that time he did not want to dispute the charges but did not feel he should be held accountable because he did not know about the rule requiring bulk pesticides to be in secondary containment. He stated he also thought the amount of civil penalty was excessive. He stated he just wanted to go before the Indiana Pesticide Review Board (IPRB) about the rule.
- **D.** I told Mr. Hurley the IPRB considered the violation of the secondary containment rule to be serious in that I was not allowed to mitigate this particular penalty. I also advised him I would contact the Secretary for the IPRB and let him know about his request of an audience before the Board.

George N. Saxton Compliance Officer Draft Date: June 21, 2016

<sup>&</sup>lt;sup>1</sup> By rule, civil penalties may not be imposed for more than one hundred eighty (180) days 357 IAC 1-6-2(b)

<sup>&</sup>lt;sup>2</sup> By rule, penalties for this violation may not be mitigated 357 IAC 1-6-2(a)

CERTIFIED MAIL CITATION FOR VIOLATION CIVIL PENALTY

Rural King Mr. Mike Hurley 2300 E. Morgan Avenue Evansville, Indiana 47711

Re: Case #2016/0591; Pesticide storage and containment

Dear Mr. Hurley:

Enclosed is a draft case summary for the investigation conducted by this agency into the above referenced activities. Based on the findings, it is apparent you failed to maintain the required secondary containment for all bulk/mini-bulk pesticide containers. This constitutes a violation of the following relevant rule under Indiana Code 15-16-5:

355 IAC 5-4-1(a): "Liquid pesticide storage containers shall be located within secondary containment constructed with a base, perimeter wall and sloped floor. Exception for a sloped floor may be granted by the state chemist."

Rural King is hereby assessed a \$45,000.00 civil penalty. The civil penalty is to be made payable to the **Indiana State Chemist** and is to be submitted to the above address with a copy of this letter **within fifteen (15) days** of your receipt of this letter. Failure to remit the civil penalty or file an appeal in a timely manner will result in the case being forwarded to the Indiana Attorney General for collection and possible further enforcement action.

You have the right to request a formal hearing to contest any factual allegation set forth in this letter. If you have questions about the findings, the citation, the civil penalty, or the hearing process, you must contact me **in writing within fifteen (15) days** of your receipt of this letter. After that time, the case will be considered final.

Sincerely,

George N. Saxton Compliance Officer
