

**Office of Indiana  
State Chemist**

# **Technology & Certification Update**

***Indiana Pesticide Review Board  
June 14, 2018***

# Current Operations

- **2,200 Paper and Pencil Total Exams Yearly (1,600 administered immediately following PPP training)**
- **3,500 Exams Administered Off Site (IVTCH-Via Metro Institute)**

# Current Technology

- **OISC software for grading and compiling statistics is no longer being supported or manufactured.**
- **Multi-month search we believe we found a solution to grade paper and pencil exams**

# Moving Forward

- Continue to offer paper and pencil exams immediately following PPP training.
- Reduce “Exam Only” days held at Purdue while also reducing the number of category exams given.
- As we convert to new software, we will not convert exams for which training is not offered.

# Moving Forward (con't)

- Paper and pencil exams will only be offered after PPP training held at Purdue.
