2. **Approval of the meeting agenda. MOTION..** to approve by Steve Dlugosz and John Bacone;
VOTE... was unanimous.
3. **Approval of the previous meeting minutes (March 2,2017).** It was noted that in paragraph 3, the last line, the word control should be changed to comply... **MOTION..** to accept by Martha Clark-Mettler and Mike Titus...**VOTE...** was unanimous.
4. **Review of cases involving civil penalties since the last meeting...** Cases #2015/107, 2016/1091, 2016/1191, and 2016/1304 were discussed; relevant points made include: organic and all natural pesticides are to be registered in Indiana even though they are exempt from EPA and Federal Regulation, the company also cannot make false or misleading statements or claims; all school systems have been trained but the person in charge of the programs is not always the person that is certified or is applying the pesticide and there is a lot of changeover in leadership

5. **Vote on acceptance or refusal of Case #2015/0710 (OISC/All Green Lawn Management Corp. negotiated settlement proposal for uncontained bulk container storage) ...** This case was discussed at the March 2, 2017 meeting. It was voted that if All Green does not respond to OISC within 60 days, the original penalty would be upheld. Both parties have now agreed to a

penalty reduction, due to not being allowed to mitigate this type of penalty, and the IPRB must now vote to accept or refuse the agreement. It was also discussed and a small group delegated to examine policy, mitigation and reduction of penalties or if this process should be continued by going thru the IPRB and ALJ for the decisions. The small group will consist of Tim Gibb, Steve Dlugosz, Martha Clark-Metter, and George Saxton. This board will report back to the IPRB at the next meeting. **MOTION...** to approve settlement by Martha Clark-Metter and Bob Andrews **VOTE...** motion was opposed by Mike Titus but approved by all others, therefore was accepted.

6. **Rulemaking status of State RUP classification of all dicamba containing agricultural herbicides...** have received the exception from the rulemaking moratorium from the State Budget Agency and have proceeded with the rule making process; have submitted justification language for requirements and costs, small business economic impact statements, the cost benefit analysis and waiting to hear back from the State Budget Agency. On June 7, 2017, a notification will be published in the Indiana Register. On July 6, 2017, a public hearing will be held at the William H. Daniel Turfgrass Research and Diagnostic Center, 1340 Cherry Lane, West Lafayette, IN. Bruce Bordelon suggested that the public comment period be left open until about a week before the next IPRB meeting.
7. **Indiana Pollinator Protection Plan (P³)**
 - A. **Best Management Practice outreach by Purdue CES**

Rick Foster from CES dispersed 6 BMPs referenced in PPP
 - B. **Support activities developed through White River Alliance**

Jill Hoffman from the White River Alliance gave a presentation about the promotional and web site collusion between the Purdue Pesticide Programs and the White River Alliance highlighting the addition of PPP to their program. This was made possible because of a grant from Fred Whitford in the Purdue Pesticide Programs. Their web site can be accessed thru www.clearchoicescleanwater.org/national.php
