

RECORD KEEPING FORM - SALES AND/OR APPLICATION

This form combines two records (1. restricted-use sales and 2. restricted-use application) onto one form. These records are required to be maintained under the Indiana Pesticide Use and Application Law. It is hoped this will simplify the restricted-use record keeping process for your firm. You are not required to use this form. Records may be kept on computer or your own format as long as all of the required information is present.

* Space is provided on the form for recording private applicator permit expiration dates and invoice numbers. This is not required information, but it may be helpful to record this information anyway.

For Application Records

Complete the entire form except for the two boxed areas at the top of the form. See the following example:
