175 S. University Street
West Lafayette, IN 47907-2063

**Category 4 - Seed Treatment
Site Assessment Fact Sheet**

This fact sheet can serve as written instructions to a registered technician (RT) covering a variety of site-specific precautions to prevent injury to persons, the environment or damage to property. The certified applicator (CA) for this seed treating operation is responsible for determining the need for site-specific precautions. This fact sheet must be in the possession of the RT at the work site and must be reviewed by the RT prior to each day of treating.

- My Certified Applicator is _____;
License # _____. Contact information: _____
_____.
- I have all the labels for the pesticides used in the seed treatment process.
- I have the proper Personal Protective Equipment (PPE) for the most restrictive label. I will be wearing the proper PPE.
- I have checked the area around the seed treating machine and it is clean and free of any hazards.
- My seed treater is calibrated and in proper working order.
- I will check each customer order for accuracy, i.e. proper weight, proper application of pesticides and other treatment chemicals. I will provide a detailed informational "seed tag" to each customer.
- I have my OISC Registered Technician credentials with me.
